Best of the West Taxidermy Championship

**Jim Kimball**

*Bird Judge*

**Brett Wingfield**

*Fish Judge*

# Greg Brumfield

## *Mule Deer and Whitetail Deer Judge*

I have been doing taxidermy for about 18 years. I competed a lot in the past winning numerous State and Western Regional Best of Categories along

with other awards. I have won Judges Choice Best of Show Original Sculpture as well as North American Champion at National competitions, and most recently won Best Pre-Sculpted Manikin at the last World Show. I enjoy judging, seeing old friends and meeting new ones as well as giving back.

# Brenda DuVall

## *Lifesize and Game Head Judge*

My name is Brenda Duvall and I've been a Full Time Taxidermist since 1986. I, along with my partner in life and in work, Jim Kimball, own a studio located in Medford Wisconsin. Taxidermy is pretty much a seven day a week job that we both love and wouldn't trade any of it for all the riches in the World.

My involvement in the competition part of this industry has provided me with many memorable moments in my life. Not only has competing improved my techniques it has also brought many cherished friendships into my life. I have served on the board of directors for the state of Wisconsin for more than 10 years, with 4 of them as vice president. I served a 6 year run as a board member of the NTA. I currently serve as Chairman of the United Taxidermy Association and previously spent 3 years as its secretary. I'm a

strong believer in getting involved with the associations that protect and strive to improve this great industry we all love.

As far as taxidermy accomplishments, I was the first person to win the "Challenge of the Art" when it was started at the NTA. I was also the first to win National Champion Recreation. I have won a Carl Akley award at the World Show. I have numerous State Champion awards, but none of these mean as much as the people I have had the pleasure of meeting over the years. I look forward to working with you and your organization.
